Extreme MAKEOVER HOME EDITION

Sundays 8/7c on ABC

Extreme Makeover: Home Edition Fact Sheet

ABC-TV's *Extreme Makeover: Home Edition*

- Each episode is self-contained and features a race against time on a project that would ordinarily take at least four months, involving a team of designers, contractors and several hundred workers who have just seven days (106 hours for the actual construction) to rebuild an entire house – every room, the exterior and landscaping.

- The lives of the lucky families are forever changed when they learn that they have been selected to have their home walls moved, their floors replaced and their facades radically changed … or even have their home demolished and rebuilt from scratch.

- Each episode begins with team leader/carpenter Ty Pennington's "Good morning!" wake-up call, when he and the design team – including Paul DiMeo, Paige Hemmis, Michael Moloney, Ed Sanders, Didi Snyder and Eduardo Xol – surprise the unsuspecting family that their home has been chosen to receive a makeover.

- Viewers witness the unbelievable transformation of the house and, during the final and emotional reveal, they also see how it has impacted the lives of the deserving families.

- The show earned an Emmy for Outstanding Reality Program in 2006 and the People's Choice Award for Favorite Reality Show/Makeover; is produced by Endemol USA, a division of Endemol Holding; David Goldberg is president of Endemol USA; the series is executive-produced by Anthony Dominici.

- David Goldberg has had an extensive career in television, working on hit shows such as "Extra," the dating game show "Change of Heart," and the game show "Street Smarts.". He currently lives in Los Angeles, CA, but was born and raised in New Canaan, CT.

- The show airs on Sundays 8/7c on the ABC Television Network; the series premiered December 3, 2003. Visit the Extreme Makeover: Home Edition website for more information.
