- Headquarters: Castle Town Square South, 4284 Route 8, Allison Park, PA 15101
- Founded: 1972
- 15 Employees
- Homes built: over 700 since inception

### Overview

Since its founding in 1972, Montgomery & Rust Inc. has focused on the design and construction of communities that function as an integrated whole. The communities have a unifying theme that distinguishes them from the multi-builder communities that are typical in the Greater Pittsburgh marketplace.

The Montgomery & Rust team performs architecture, project management, construction supervision, customer selection assistance, service management, and office support and is highly experienced and knowledgeable. They, together with an equally experienced team of construction tradesmen, are focused on creating a community and a home that exceeds the client's expectations.

The Company and its Founders have received numerous awards including the 50th Anniversary Urban Redevelopment Authority of Pittsburgh's Housing Development Award, three different Builders Association of Metropolitan Pittsburgh ("BAMP") Housing Excellence Awards, Pennsylvania Builders Association Builder of the Year Award, and the BAMP Builder of the Year Award.
